Product Name

Tour Guide for Spartans

Problem Statement

International Spartans want to spend a good time during weekend or holiday. Since they don't have too much time for this, they would like to explore good places to visit on the west coast.

Most of the Spartans are from either out of the California or out of the United States, they need a thorough guide to some "You can't miss" places on the west part of the American.

Product Objectives

To help the Spartans explore the west coast and make sure they face few problems while doing that, we are coming up with a travel guide for Spartans. Our website helps the Spartans choose the places they want to visit, and also gives them suggestions if they are not sure of places they want to visit.

Once they choose their place of interest we provide them information about the famous tourist spots, restaurants, local activities and other information which helps them make a decision about their next trip.

Function Requirement

1. The application must allow the user to choose destination on a map.
2. The application shall be able to show a brief description of each place of interest.
3. The application shall allow users to sign-up and log into the system.
4. The application must allow users to search places with a search box with filter
5. The application must allow users to leave comments on the places they visited.
6. User should be able to upload pictures/videos of the places they have visited.

Non-functional Requirement

1. The application shall be maintained by administrator at least once a week.
2. The application shall run on different platforms.
3. The application must respond to user input within 5 seconds.
4. Error message shall be displayed in English and Spanish.
